## General Information

### Introduction

This directory contains the provider contact information for home care organizations and certified home health agencies. Additional information can be found at: [www.vdh.virginia.gov/olc](http://www.vdh.virginia.gov/olc). Information about the certified home health agencies can be found at: [www.medicare.gov](http://www.medicare.gov), then click on 'Compare Home Health Agencies in Your Area.'

### Definitions

"Certified home health agency" means a home care organization that meets the requirements for participation in Medicare under 42 CFR 440.70 (d), by providing skilled nursing services and at least one other therapeutic service, e.g., physical, speech or occupational therapy; medical social services; or home health aide services, and also meets the capitalization requirements under 42 CFR 489.28. These agencies accept Medicare and Medicaid clients in addition to private and third party payer clients.

'Home care organization' or 'HCO' means a public or private entity providing an organized program of home health, pharmaceutical or personal care services in the residence of a client or individual to maintain the client's health and safety in his home. A home care organization does not include any family members, relatives or friends providing care giving services to persons who need assistance to remain independent and in their own homes. These organizations do not accept Medicare or Medicaid clients.

### Disclaimer

This information is provided as a public service by the OLC/VDH and updated annually. While every effort is made to assure accuracy, the information may be incorrect due to recent changes in provider name or address. This information should not be used as a sole source in selecting a home care or home health provider.
